

# Litter Picking Activity

What you need?

- Bin bag
- gloves

When the rubbish truck comes to your house show your child the truck and the bin collectors, then explain what they do and how they help us.

Take your kids to a park or an area that is littered and have a walk around and ask them to look at the area and tell you what they see.

Children can then collect the litter around putting them into the bin

Make sure that children wear gloves and pick up non dangerous litter.
