How to

Cut a oval circle from the

white paper along with two smaller oval and a small triangle for the chick's beak from the brown paper.

Have your child paint one hand and print it onto one side of the white paper to represent the chicken drawing on the feet and eyes.

For the chick clue the yellow paper onto the white then draw wings and eyes lastly adding the brown triangle for beak.

For the hatching chick glue on one of the brown oval and ask your child to draw a chic on top of it.

For the egg glue the second oval on the white paper and add strips of brown paper at the bottom for the hay.
